

**REMARKS AND ARGUMENTS**

Applicant respectfully requests reconsideration and allowance of all of the claims of the application. Claims 1-26 are presently pending. Claims 1-14 and 20 are withdrawn from consideration. Claims amended herein are 15, 21 and 26. No new claims are added herein.

**Allowable Subject Matter**

Applicant would like to thank the Examiner for allowing claims 15-19 and 21-25. Claims 15 and 21 have been amended herein to correct for minor typographical errors, and therefore remain allowable.

**Claim Rejections under § 112**

The Examiner rejects claim 26 under § 112 for providing insufficient antecedent basis for the feature "second caller" in the claim. Applicant respectfully traverses this rejection.

Without conceding the propriety of the rejections herein and in the interest of expediting prosecution, Applicant herein amends the feature at issue in claim 26 to recite "said remote caller." Support for this amendment may be found at least at page 10 lines 7-13 of the original specification. Therefore, the amendment is fully supported by the specification and does not constitute new matter.

In view of this amendment, Applicant believes that claim 26 is now allowable, and respectfully asks the Examiner to withdraw this rejection.
